Dear Shutesbury Community:

We understand that learning of a presumptive positive case of COVID-19 in someone connected with Amherst Regional High School has resulted in a high level of concern and questions from some in the community. The Town of Amherst is setting up a hotline that will be staffed by ARPS and Amherst Town staff with Public Health guidance. Staff will be able to answer questions about the situation, within the boundaries of privacy restrictions. The hotline, which will be staffed with English and Spanish speakers, will be in operation this afternoon between 4:00 and 6:00 p.m. and can be reached at 1-413-259-3291.

Jennifer Culkeen, Superintendent  
Jackie Mendonsa, Principal
